

Your company can choose to adopt Singapore Children's Society as your preferred charity. Involve your committee, club or company in organising some fund-raising events. Proceeds from the event will then be channeled to us to be placed in 1000 Enterprises for Children-In-Need initiative. This will in turn help more than 57,000 beneficiaries including children, youths and families.

Some of the ways that your company can choose to partner us include:

- **Philanthropic donations**
- **Cash sponsorship for our events**
- **Make Singapore Children's Society the beneficiary for your outlet's official opening, product launch**
- **Channel proceeds from dinners, concerts or company events to support Singapore Children's Society**

While business can be more frugal during a downturn, children's needs do not fluctuate with the economy. There are many more children and families that we would like to continue to help. Join us in creating a better future for them! All donations are entitled to **2.5 times** tax exemptions.

Be Friends of Singapore Children's Society in promoting 1000 Enterprises for Children-In-Need initiative to your business partners!

For more information, you may email Ms Cheryl Yet or Ms Lee Wen Ting at frd.corporate@childrensociety.org.sg or contact us at 6273 2010.
